

Dear Stacy,

On behalf of the American Red Cross Southern California Blood Region, I want to personally thank you for your gracious hospitality and assistance with coordinating your blood drive on August 4, 2011.

From the 45 blood donors who registered, we were able to collect 34 units of life saving blood. As you know each unit collected can be use to save up to 3 lives, due to your efforts 102 lives are going to be save. This is such a valuable contribution to our community and I am very grateful to all the participants and all your employees that came to donate and everyone that assisted in this great effort.

We are grateful to each person who stepped forward to give the Gift of Life. Our hope is that each one walked away having had a positive and meaningful experience, and that they will come and donate again when they are eligible.

The American Red Cross Blood Services is dependent on the good will and generosity of donors and sponsors who understand the importance of an adequate and safe blood supply. Your support and assistance clearly helped make the drive a success and it was a great pleasure working with you and looking forward to another successful blood drive in the near future.

I am looking forward to working with you again hopefully during our most critical month of December.

Sincerely,

Mynor Arroyo
