Laguna Beach, CA 92651

Dear Laura,

Thank you for your generous donation. Your commitment is so very important to us and to those whom we help to rebuild their lives.

Lives can be fragile and a combination of misfortune and poor choices is all it takes sometimes to create homelessness. Our mission is to assist homeless adults regain self-sufficiency and become more productive members of the community. Your donation will help fund our self-sufficiency program, including housing, meals, employment assistance, legal and financial counseling, case management services and personal development programs. These are the building blocks of opportunity for the homeless, who need not only housing but a support system and a sense of hope, which you help to provide.

We cannot do what we do without caring people like you. Thank you.

Sincerely,

Dawn Price
Executive Director
